Zwaluw Plastic Cleaner

Maintenance and cleaning of lacquered wooden and plastic parts, such as cars, machines, furniture and window frames

Product Description

Zwaluw Plastic Cleaner for maintenance and cleaning of lacquered wooden and plastic parts, such as cars, machines, furniture and window frames.

Benefits

- Increases the life span of plastics
- Protects against pollution
- Dust repellent, water-repellent, colour enhancing
- Protects against weather influences, sun and road salt
- Special active substances make the life span plastic longer
- Pleasant smell

Applications

Cleans, polishes and preserves dashboards, rubber, plastic, wood, leather and plastic parts in the interior of the car (cockpits, rubber mats and vinyl roofs). Maintains plastic parts of, among other things, machines, furniture and window frames. Transforms treated surfaces in 'new' and gives protection against ultraviolet radiation.

Directions Of Use

Intensely shake the canister and spray the Plastic Cleaner evenly at the surface. Let the Plastic Cleaner soak for several minutes to loosening and absorb the dirt. Use a dry cloth to remove in one direction the Plastic Cleaner and dirt. Allow the surface to dry and polish the treated surface if needed with a dry cloth.

Limitations

Surface Preparations and Finishing

Do not spray on steering wheel and pedals

Cleaning

Colour(s)

- Transparent

Packaging

- Can
